EXPERIENCE

- **Mobile App Developer | CRM Landing Software Pvt. Ltd.** (Jan 2026 - Present)
 - Built the SCV (**Small Commercial Vehicle**) Field Service mobile platform using React Native, TypeScript, Redux, and Salesforce Mobile SDK, supporting **10+** enterprise workflows.
 - Developed scalable **Salesforce REST API** and **SOQL integrations**, enabling real-time synchronization of **500+** daily records with secure, high-performance data processing.
 - Enhanced application performance, data validation, and workflow automation, improving scalability, reliability, and user experience.
 - Developed end-to-end **FCM** push notifications with deep-link navigation across all app states.
- **Full Stack Developer Intern | Yoctotta Technologies Private Limited** (Jun 2025 - Aug 2025)
 - Worked on end-to-end full-stack web application development using React.js, Node.js, and databases.
 - Architected and developed advanced **AI agents** on the Kaman AI platform, leveraging (**MCP**) to build efficient flow.
 - OTP-verified chatbot order systems with real-time processing, smart query handling, and seamless API integration.
 - Integrated external APIs for automated, login-free operations with natural language input handling.
- **Frontend Developer | UDM Enterprises - 360° Marketing & IT Solutions** (Feb 2025 - May 2025)
 - Created, expanded, and maintained the UDM Enterprises website using HTML, CSS, JavaScript, and PHP, ensuring responsiveness, cross-browser compatibility, and an improved user experience.
 - Optimized website performance by reducing load times by **35%**, enhancing SEO, fixing bugs, and integrating dynamic features to improve functionality and user engagement.

TECHNICAL SKILLS

- **Languages** - JavaScript, Java, HTML5, CSS3, Python, PHP
- **Databases** - MySQL, SQL, MongoDB, WatermelonDB
- **Technologies / Frameworks** - React.js, React Native, Express.js, Node.js, REST APIs, WebSocket, Bootstrap
- **Developer Tools** - Android Studio, AWS EC2, Figma, VS Code, Git/GitHub, Postman, MongoDB Atlas, Docker
- **Concepts** - Data Structures and Algorithms - **LeetCode**, **GfG**, OOPs (Java), Web Development, Low Level Design

PROJECTS

Docify - Doctor Assistant and Food Detection | IIT - ISM Dhanbad Hackathon'24 / *Python, Streamlit, Gemini API* [GitHub](#)

- Built an AI-powered Doctor Assistant chatbot for medical consultancy and image analysis.
- Enabled Food Detection by allowing users to upload or capture images for insights and recommendations.
- Enhanced user engagement with an intuitive chat interface for real-time symptom guidance and food details.

NearToWomen - 2025 / *CSS, React.js, Node.js, Express.js, MongoDB, REST APIs, Context API, Redux* [Link](#)

- Developed a full-stack e-commerce web app platform for fast and convenient shopping of women's healthcare products with role-based **authentication** (User/Admin).
- Implemented product listing, search & category filters, cart management, and order placement features.
- Integrated **UPI payment gateways** (Google Pay, Paytm, PhonePe) for seamless checkout.
- Designed a pink-themed, responsive UI for enhanced user engagement.
- Built secure **REST APIs** with **JWT** authentication, **checkRole**, input validation, and error handling.

Smart Career Assistant - 2026 / *Python, Flask, React, Scikit-learn, Gemini API, Regex (NLP)*

- Built an AI-driven career recommendation engine using **Random Forest ML** model and **rule-based scoring** for personalized career path insights.
- Designed a resume parsing system extracting **130+ skills** via **Regex-based NLP** and generating real-time career recommendations.
- Integrated **Gemini AI chatbot** with context-aware conversation with **10-message** history and interactive learning roadmaps with a responsive **React-based UI**.

ACHIEVEMENTS

- Received internship and appreciation certificates for successful completion of AICTE OIB-SIP Web Development.
- Earned a certificate in Google Cloud Computing from GeeksForGeeks.
- **Google Cloud Arcade Badge** - Recognized for completing hands-on challenges in GCP services including Compute Engine, Cloud Storage, and BigQuery.

EDUCATION

- B.Tech - Computer Science & Engineering - Driems University, Odisha (Aug 2022 - Apr 2026) - CGPA: 9.12
- XII (CBSE) - Sushant Public School, Muzaffarpur (Aug 2019 - Apr 2021) - 72%
